**RE: Request for Quotation (RFQ) 24-01: Wastewater Treatment Plant Expansion CMAR  
Recommendation of Award**

Dear Ms. Ramsier

CHA Consulting, Inc. (CHA) has reviewed the proposal received from Vogel Bros. Building Co. (VOGEL) on March 12, 2024, in response to the City's Construction Manager at Risk (CMAR) Request for Qualifications (RFQ), for the Haines City Wastewater Treatment Plant (HCWWTP) Expansion (PROJECT).

VOGEL has had a relationship with the City of Haines City (CITY) beginning with the HCWWTP BCR Process Building project in 2011. VOGEL has successfully completed other projects since then including the HCWWTP Structural and Building Improvements (2013), HCWWTP Headworks and Equalization Tank Conversion (2021), HCWWTP Ground Storage Tank and Pump Stations (2021), Robinson Lift Station Improvements (2022), and Southern Dunes RIBs (2023).

CHA has served as the Engineer of Record on a variety of projects constructed by VOGEL including the HCWWTP Ground Storage Tank and Pump Stations, Southern Dunes RIBs, Northwest Regional WWTP Headworks (Polk), Sunbridge Water Treatment Plant (Osceola), and Sunbridge Water Reclamation Facility (Osceola).

VOGEL completed each of those projects and met quality, responsiveness, schedule, performance, maintenance of plant operations, and construction sequencing expectations. As such, CHA recommends award of the PROJECT to VOGEL.

Sincerely,

A handwritten signature in blue ink that reads "Robert Reiss".
